

## Student Voices :

Students use Canva to create Labour Day posters, birthday cards, Father's Day cards, and Yoga Day posters. These activities help them express their ideas creatively using pictures, colours, and meaningful messages. Students have also learned the basics of creating simple 3D animations. Overall, these tasks enhance their creativity, communication, confidence, and digital design skills in an enjoyable way.

## Project Goals:

Develop creativity through digital design activities.

Learn the basics of simple 3D animation.

Learn to create posters and greeting cards using Canva.

## Process/ Steps:

Open Canva and choose a suitable template.

Design posters, greeting cards, and Yoga Day activities.

## Skills Learned :

Creativity and digital designing skills

Observation and attention to detail

Confidence in presenting and expressing ideas creatively

## Challenges and solutions :

While working on Canva projects, students faced some challenges in using design tools, arranging layouts, selecting suitable colours, and creating simple 3D animations. These challenges were overcome through regular practice, the use of Canva templates, and guidance from the teacher. As a result, students improved their design and digital skills.
