

Club project spotlights :

Students use clay to create different models like animals, flowers, toys, or useful objects. It gives students a chance to showcase their talent, creativity, and imagination.

Student Voices :

- I made a smiley face with clay and it made me happy!
- I rolled a snake and turned it into a tiny dragon. So cool!
- I painted my clay flower pink. It looks like a real flower!

- Project Goals:**
- Develop creativity and fine motor skills.
 - Promote collaboration and teamwork.
 - Build confidence through self-expression.
 - Strengthen classroom bonding.
- Process/ Steps:**
- Get clay, tools, and a clean space.
 - Knead clay till soft.
 - Roll, shape, and form it with your hands.
 - Choose what to make (e.g., cup, animal).
 - Paint or decorate once dry (optional)
- Skills Learned :**
- Improves hand-eye coordination.
 - Boosts creativity and imagination.
 - Encourages teamwork and sharing.
 - Builds confidence with each finished piece.

Challenges and solutions :

- **Material scarcity** – Gets hard if left exposed.
- **Outdoor damage** Lightly dust the work
- **_Preventing clay from cracking or drying out while shaping their projects.**
